Learn how not to outlive your retirement benefits.

Many are behind time and have no time to make up for lost time.

- More than 50% of Americans do not have a Will.
- Learn how to carefully plan who has control of your finances and health should you become unexpectedly disabled or incapacitated?
- How does Social Security benefits affect my taxes if I am still working?
- Find out what year that OASI and DI are expected to be depleted.
- Find out what age is the best to retire, is it 62 or 66 or 67 or 70.
- What are the four parts to Medicare and why they are important?
- Is my savings and 401k and social security enough to retire on?
- How do I allocate my existing income resources to maximize my retirement plan?
- What is the Number 1 fear of all Americans.
- What do I do if my existing investments are not meeting the return I need in order to retire on time.
- What strategy do you need to plan to arrive on time for your retirement.
- What you must minimize on now to later maximize your accumulation.
